

Village of Marvin

DATE: July 18th, 2023

TO: Planning Board

FROM: Hunter Nestor, Planner and Zoning Administrator

SUBJECT: Discussion and Recommendation of Conditional Rezoning Application CZ 2023-1 (Zepa Capital, LLC)

Background

Zepa Capital, LLC has applied for a conditional zoning map amendment to rezone the 1.518 acres located at 9908 New Town Rd., from R-Marvin Residential to the Marvin Heritage District (Commercial Only). The subject properties are further identified by parcel numbers 06-225009A. The rezoning is for Rezoning requested to allow for development of the site as a Commercial “Village” to include light commercial uses such as retail, restaurant, and office per the Marvin Heritage District Form-Based Code.

The Village Council adopted the Marvin Heritage District Form-Based Code (MHD FBC) in January of 2022 ([OR-2022-01-02](#)). This established the Marvin Heritage Conditional Zoning District and the regulations for the district. The applicant submitted this rezoning application in April of 2023 and amended their application submittal in June 2023.

Analysis

	Existing Land Use	Zoning Designations
Subject Properties	Vacant, Residential	R-Marvin Residential
North	Residential/Common Open Space (Preserve at Marvin)	R-Marvin Residential
South	Vacant/Agriculture (Fincher Property)	R-Marvin Residential
East	Vacant (Crane Store Property)	R-Marvin Residential
West	Civic/Vacant (Weddington United Methodist Church)	R-Marvin Residential

General: The rezoning application is to rezone the subject properties from R-Marvin Residential to the Marvin Heritage Conditional Zoning District Commercial Only (MHD-CO) for light commercial uses such as retail, restaurant, and office. the purpose of the rezoning request is to develop the Site to those commercial uses that are in accord with the vision created by the Village of Marvin community through its approved Heritage District Small Area Plan. Rezoning the Site to HD-CO enables Applicant to use the Site for those commercial uses allowed in HD-CO zoning as set forth on the Preliminary Site Plan submitted.

Village of Marvin

The site currently consists of approximately 1.518 acres, with an existing 100-year-old farmhouse, carport, and shed. The applicant is proposing to demolish carport/shed structures and renovate the existing house with the intention to preserve the overall exterior appearance of the existing farmhouse.

The proposed development would convert the interior of the existing farmhouse to commercial use such as a restaurant/tavern. A 1,545 SF commercial kitchen addition is proposed to the existing structure. Additionally, the proposed development includes two new 5,000 SF two-story buildings (10,000 SF total for each) for retail and office uses. This totaling 21,550 SF of new gross building area. Development of the project will be phased, with completion not anticipated to exceed 10 years.

Permitted Uses: The intended uses include specialty commercial and retail space offering goods and services such as ice cream, coffee, specialty foods and wines, gifts, clothing boutique, art gallery, etc. on the first floor, with office type uses on the second floor of the two new commercial buildings. The existing farmhouse and proposed addition thereto are currently planned for a tavern/restaurant with commercial kitchen and retail space. Proposed uses within the Site are subject to change based on market demand, but once rezoned, uses are limited to those allowed in HD-CO zoning.

Tree Preservation: The applicant is proposing to disturb as little as possible and save the larger canopy trees on the site where possible. Tree Preservation and Mitigation Plan is required in the Preliminary Plat and Construction Documents Phase.

Water and Sewer: This development will utilize Union County Water and Sewer. The applicant will have to secure the required easements and Right-of-Way Encroachments to extend the main water line from the Roundabout at Waxhaw-Marvin and New Town Road to the front of the subject property. The applicant will need to secure the required easement to extend the main Sewer Line from the rear of the Crane Store and Preserve Common Open Space properties. The Site's sewer and water needs have been calculated as set forth in the attached chart and Applicant has confirmed with Union Public Works that sufficient capacity exists to service the Site. The full details of the utility plan will be submitted during the preliminary plat and construction document phase if the rezoning is approved.

Buffers: The Developer is proposing a 20 FT Buffer at the rear of the property with a 6 Ft high solid opaque fence to accompany the 30 FT COS from the Preserve at Marvin. With a 5FT Landscape Buffer on the side property lines. If existing trees do not provide a fully opaque buffer, vegetative screening must be installed and maintained to enhance the buffer within the 20-foot buffer width. **The specifics opaqueness will need to be added to the construction and preliminary plans and development agreement.**

Village of Marvin

Open space: The applicant is proposing 28.26% of landscaping and buffering, and 11.87% of pedestrian oriented sidewalk and outdoor amenity space. This totals 40.13% reserved open space for the development.

Parking: The proposed development has 53 amount of parking spots and 4 ADA Accessible Parking Spots. Off-street parking will be provided based on market but connections to existing trails and the proposed Loop will be provided to afford area residents the opportunity to walk or ride bikes to the development. Applicant is looking at additional parking options.

Other agency notes (not fully required at this step):

- NCDOT: Applicant has already consulted with NCDOT, and the development now will only have one Primary Entrance and one Fire/Emergency access entrance. NCDOT may require additional road improvements to New Town Road. Peak hour trip counts calculated based on proposed uses are shown on the attached chart and did not reach the threshold for requiring a traffic impact study as part of the rezoning process. Another roundabout is proposed for construction this summer to move traffic more effectively through the area. DOT will also review anticipated trip counts generated from the Site as part of its driveway permit process.

Public Involvement Meeting: The Applicant held 2 Public Involvement Meetings. The first was held on April 19th, 2023, and the applicant held two sessions. The second PIM was held on June 6th, 2023. Both were at Village Hall. The PIM Meetings minutes and sign-in sheets are attached in the Planning Board Packets.

Compliance with the Marvin Heritage District Form-Based Code and other applicable sections of the Village of Marvin Zoning Ordinance

The applicant has requested a few deviations from the regulations in the Form-Base Code. Staff will provide more information during the July Meeting. Some of these deviations will not be needed if the Council adopts the Form-Base Code revisions. Overall the proposal complies with the regulations within the Marvin Heritage District Form-Base Code.

Village of Marvin

Development Agreement

The applicant has started to draft the development agreement in compliance with the MHD Application Procedure and Requirements. This agreement is a draft, and the applicant will need to make any necessary revisions once reviewed by the Planning Board and Village Staff.

The development agreement shall be drafted in a format as directed by the Planning and Zoning Director. The development agreement shall then be presented to the Planning Board for a formal recommendation at a regularly scheduled meeting. Said meeting shall be held prior to notification for a legislative hearing by the Village Council. The development agreement and the Planning Board recommendation shall be published for public inspection and notification shall be made in accordance with the provisions of G.S. 160D-601.

Consistency with Land Use Plan and Other Adopted Plans

State Statute requires that all zoning regulations shall be made in accordance with an adopted comprehensive plan. When adopting or rejecting any zoning amendment, the Council shall approve a statement describing whether its action is consistent or inconsistent with our 2020 Land Use Plan or any other officially adopted plan that is applicable, and briefly explain why the Council considers the action taken to be reasonable and in the public interest. A Planning Board/Village Council can adopt a rezoning that is inconsistent, as long as it's acknowledged in writing and there is rationale for the decision.

The Village of Marvin Land Use Plan and the Marvin Heritage District Small Area Plan designates this area as the Marvin Heritage District. It designated the subject property as Commercial Only within the Marvin Heritage District. The scale of the development is consistent with these adopted plans. Furthermore, this development is consistent with the goals and purpose of the plan by providing conservation land or fee-in-lieu for future greenway connections, maintaining rural aesthetics, transportation improvements, and economic development to the area.

Conclusion and Next Steps

The Planning Board has 60 days (this meeting and July meeting) to make a recommendation to the Village Council. Once a recommendation is made the Village council will Call for a Public Hearing and a date and time will for the Hearing will be set. After the Public Hearing the Council will vote on the rezoning application submittal. At any time, the applicant can amend the proposal, if they choose, from comments, feedback, and recommendations made by the Planning Board during this review or can agree to make changes as part of Planning Boards Recommendations. Planning Board can also recommend specific conditions of this approval for Council to consider. All conditions will be a part of the applicant's development agreement that is presented to Council when they are considering the application.

Village of Marvin

Once the public hearing has been held, the Village Council shall take action on the rezoning petition. The Village Council shall have the authority to: Approve the application, deny approval of the application, and approve the application with modifications that are agreed to by the applicant; or send the application to the Planning Board for further study. The Village Council may hold additional public hearings on an application at any time before it takes a final vote to approve or deny that application.

If the rezoning sketch plan is approved by the Village Council the applicant can move forward with the following required steps:

Preliminary Plat and Construction Plans. After staff review, the Planning Board shall be required to make a recommendation on the preliminary plat/construction plans within 60 days after the date at which the Planning Board first met to review the plat. The Village Council shall then review the preliminary plat/construction plans. Both are reviewing compliance with the requirements of the ordinance and rezoning standards. The Council may be approved (with or without conditions) or deny the preliminary plat/construction plans. During the preliminary plat/construction plan review, elements of the plans may be approved by the Design Review Authority.

Land development permit: authorization to install improvements. Approval of the preliminary plat/construction plans by the Village Council shall be a prerequisite to the land development permit for the developer to install the required improvement in the proposed subdivision as required by the Village Council (this is horizontal work only, not vertical building construction). No clearing, land disturbing activity, or improvement of any kind shall commence until the preliminary plat/construction plan has been approved and Village staff has approved and issued a land development permit. The land development permit shall not be issued until all conditions, if any, on the approved preliminary plat/construction plan, are satisfied.

Design Review Authority.

The design review authority shall review the plans prior to issuance of a zoning permit. The plans shall be in conformance with the development standards of the site. The design review process and submittal requirements were amended to allow a thorough review of the site plan, landscape plan, elevations and signage. The Design Review Authority has the ability to review plans to see if they violate any requirements of the Village's ordinances and/or Land Use Plan, including any requirements applicable to the particular conditional zoning district at issue; or cause the development not to be in harmony with its surrounding area or it is not otherwise within the spirit and intent of the village ordinances. A recommendation of approval or denial will be reviewed by Village Council at their next meeting.

Village of Marvin

Staff Recommendation

Staff recommends the approval of the rezoning submission. Staff would like the Board to discuss potential conditions to be discussed and considered to be incorporated into the rezoning.
